

# Short Profile

**Company Name:**

NICE HOUSE OF PLASTICS UGANDA LIMITED

**Company Logo**

**Who we are**

Nice House of Plastics Limited was founded in 1970 by Dr. James Mulwana, a leading entrepreneur and industrialist in Uganda. Our founder strived to create the base that has since grown to become the company we all know and love. We are proud to be a manufacturer of house hold and industrial plastic Items and we are the only manufacturer of Ballpoint pens and Toothbrushes in Uganda. We have worked as diligent and hard working staff to offer our unmatched professional expertise that has kept us on top of the industry as the most trusted provider of plastic products in the East African region.

**What we do**

From agricultural, furniture, packaging, tableware, dental toothbrushes and toothpaste to washing and writing instruments. Over the years, we have introduced several new products for use not only in the home, office and school but also in the agricultural and industrial sectors.

**What we offer**

We are dedicated to effectiveness and efficiency through our dynamic product designs and innovative new plastic products that continue to add value by improving human livelihood throughout the region we serve and beyond

**What we need**

Part of our ambitions is to have the industry re-focussed to a circular economy thus allowing more of the re-use, repair, remanufacturing and recycling of components or products in order to extend their service life. Partnerships in these related areas are highly welcome.

## Our Equipment

Under PLASTICS MANUFACTURING: We have several injection molding machines ranging from 160T up to 1200T machines, Double injection machines for 2 color products, In-mold robot for IML labelling, several blow molding machines for different product sizes ranging from 300ml bottles to 20L Jerrycans. All these with an extension service of screen printing if required.

Under BLOWN FILM EXTRUSION: We have 3 layer extruder for making shrink film, milk pouches, dustbin liners etc. We do flexo printing on Films. We have Writing Pen Manufacturing Equipment and Toothbrush manufacturing equipment.
