

**The strengths of a
strategic alliance**
Traegergesellschaft
Kunststoff-Institut Luedenscheid e.V.

Traegergesellschaft e.V. – excellent networking

Founder and major player of the Kunststoff-Institut Luedenscheid is a registered association called Traegergesellschaft Kunststoff-Institut Luedenscheid e. V., which was founded in 1988 by certain companies in the area of Suedwestfalen.

The association represents the Cluster with currently more than 400 members.

Companies and research institutes from a wide variety of sectors collaborate on research and development projects, named joint company projects, as well as they organize educational opportunities for their members.

Due to the concentration of competences of several companies and institutes along the technological value-added chain, expansion, employment and competitiveness should be generated. The Cluster "Kunststoff-Institut Luedenscheid" is an efficient, continuously increasing network, aligned to sustainability and financed only by industrial sources.

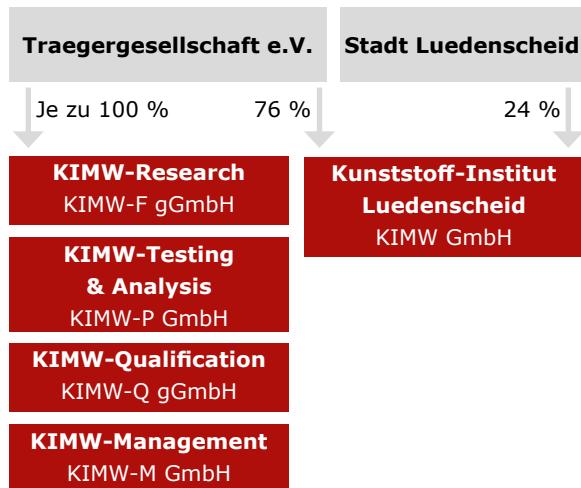

Since the foundation, the key issues are in the part of plastics- and surface technology with training & counselling, research & development, testing & analyzing, joint projects and networking. The technology sectors Environment/Sustainability, Application and mould technology, Surface technology for moulds, Testing-/Analysis Technology, Consulting/R&D, Education and Training, Materials Engineering/New Materials, Surface Technology for moulded Parts complete the portfolio of services.

Already in 2005, the Cluster and its partners were admitted to "Kompetenznetze Deutschland" today it is called "go-cluster".

Since 2013, the institute has the Gold Label for Cluster Management Excellence, which was recertified in 2015, 2018, 2021 and 2025.

A clear market-oriented strategy

Under the brand name „Kunststoff-Institut Luedenscheid“, which is well-known far beyond the borders of Germany, different companies came to life in the meantime, who make a major contribution to extend differentiated offers and thus offer a high level of quality to our clients.

Chairman of the cluster:

► Sven Braatz

Clustermanagement:

► Thomas Eulenstein, Tel.: +49 2351 1064-195
► Steffi Volkenrath, Tel.: +49 2351 1064-813

Administration:

► Michaela Premke, Tel.: +49 2351 1064-116

Kunststoff-Institut fuer die mittelstaendische Wirtschaft NRW GmbH

The Kunststoff-Institut Luedenscheid is still at the Centre of all societies.

The Kunststoff-Institut Luedenscheid ...

- supports you in selecting, developing, optimising and implementing products, tools and processes in all areas of plastics technology
- offers in-depth services in adjacent fields of polymer technologies regarding innovation, joint projects and research and development within its business domains
- offers exceptional competence, as guaranteed by our qualified and experienced employees as well as stringent quality assurance systems
- reached great importance to scientific and research activities in the field of plastics processing and the development of plastics and plastic products
- offers target-group oriented education and training
- is certified in accordance to DIN EN ISO 9001 and the laboratory is accredited in accordance to DIN EN ISO/IEC 17025

Non-profit KIMW Research-GmbH (KIMW-F gGmbH)

Research and development for the plastics industry

The KIMW-F gGmbH supports the plastics processing companies in their research and development tasks.

How our competitive position of our fundamental application-, partnership-oriented research and development tasks is secured: By creating innovative leadership, know-how and dissemination of knowledge. Especially in the field of surface technology and coating, but also by combining these

technologies with processing tools, we are able to create a large variety of know-how. Our work is accompanied by the Technical Advisory Board and the Board of Trustees.

KIMW Testing & Analysis GmbH (KIMW-P GmbH)

Highquality analysis for the plastic-industry

The purpose of the company KIMW-P GmbH is to render services in the field of testing and analysis and expertise reports. The institute has a modern highquality testing equipment and covers the current methods of analysis. Staff are available for highly specialized and also individual questions.

Non-profit KIMW-Qualification GmbH (KIMW-Q gGmbH)

Professional qualification for plastic-industry

The KIMW-Q gGmbH is an important tool for a qualification initiative in the plastic-industry. The company offers training lessons and promotes science and research. The purpose of the company is also underlined by lifelong learning of young people and adults and by dissemination and course of studies being offered in the field of plastic-technology- also in cooperation with federal or private educational institutions.

KIMW Management GmbH (KIMW-M GmbH)

Management services and consulting for medium-sized businesses

The company is concerned with the provision of services related to management and strategy issues, general management and organisation, marketing and distribution, project management, cluster and network management, and the acquisition and management of shareholdings in other companies.

Benefits for member companies

Information & innovation benefits

- Access to information about innovation management, internationalization & EU funding (through NRW.Europa activities)
- Free use of the internet database with detailed information on member companies
- News from your company in the monthly newsletter
- Member seal and member certificate

Exclusive events & networking offers

- Free participation in networking events (e.g. SPEEDKongress, Technology Afternoon, K-Management-Impulses)
- Preferential prices for seminars & joint projects
- Participation in joint stands (KUTENO, KPA, FAKUMA)
- Exclusive participation in training fair & career exploration Plastics technology
- Exclusive free access to working groups (AG Optics, AG Medical)

Marketing & advertising benefits

- Special prices for marketing offers (advertisements, company portrait, etc.)
- Exclusive opportunity for effective advertising presence in the "annual wall calendar"
- Prioritized approach when allocating exhibition space at events (e.g. Technology Afternoon, SPEEDKongress), sponsorship packages etc.
- Placement of job offers on the website & in the newsletter
- Company presentation by renting showcases in the institute
- Publication of the member logo in institute presentations, banners and illuminated images in the training and further education area
- Welcoming new members on social media & in the newsletter
- "Members save here" partner offers from members for members

Use of infrastructure & services

- Possibility to use the institute premises for training courses after capacity check
- Preferential treatment for services & order enquiries
- Recommendation of member companies for project inquiries

Strategic alliance & influence on the institute

- Possibility of a strategic alliance with the institute
- Direct influence on the strategic orientation of the Institute via the Traegergesellschaft
- Preferential selection for industry funding & public funding funds
- Exchange & cooperation with the Kunststoff-Institut and partners
- Promotion of cross-company contacts & exchange of experience

Traegergesellschaft
Kunststoff-Institut Luedenscheid e.V.
Karolinienstraße 8
D-58507 Luedenscheid

Application of Membership

We hereby apply for membership of the Traegergesellschaft Kunststoff-Institut Luedenscheid e.V. as of

_____ at a membership fee of € _____
(entry date)

With the following signature, we accept the articles of the Traegergesellschaft Kunststoff-Institut e.V. The annual membership fee will be due on February 1st of each year. The membership fee is calculated according to the list below.

Share		
1 to 20 employees	€ 750,00	
21 to 50 employees	€ 1.400,00	
51 to 100 employees	€ 1.900,00	
101 to 250 employees	€ 2.900,00	
251 to 500 employees	€ 3.900,00	
501 to x employees	€ 5.000,00	
Other institutions	€ 1.600,00	
Start-ups (< 12 months)	On request	

_____ (location) _____ (date)

Stamp/signature: _____

Company name: _____

Contact: _____

Name: _____

Address: _____

City/Postal code: _____

Statutes

of the association Traegergesellschaft Kunststoff-Institut Luedenscheid e.V.

§1 Name, location and fiscal year

(1) The association acts under the name „Traegergesellschaft Kunststoff-Institut Luedenscheid e.V.“. It shall be registered in the official register of societies and associations.

(2) The registered location of the association is Luedenscheid.

(3) The fiscal year ist he calendar year.

§2 Purpose of the association, tasks

(1) The association shall have the following duties:

a) Promotion of research and development in polymer technology, especially in plastic-processing and in the use of plastics.

b) Promotion of the establishment and organization of the Kunststoff-Institut Luedenscheid and its subsidiaries.

c) Shares in the Kunststoff-Institut Luedenscheid (KIMW) and ist subsidiaries.

d) The support of the members of the association

e) Improving communication between stakeholders

f) The initiation of collaborations between companies, universities, research and development institutions and the institute

(2) The association is bound not to favour any person through expenditures that are not related to the purpose of the associa-

tion, or through inappropriately high allowances. The association does not unfold commercial activity.

(3) In case of the dissolution of the association the assets shall accrue to the Suedwestfaelische Industrie- und Handelskammer (South Westphalian industry- and chamber of commerce) and Handelskammer Hagen (Hagen chamber of commerce), who have to use the assets for training in polymer technology.

§3 Membership

(1) Membership is granted upon written application by and subject to an according board resolution.

(2) The resignation of any member from the association shall be in writing addressed to the board. Resignation of membership is only effective at the end of a calendar year and with a notice period of a minimum of six weeks. Besides, the membership expires upon death, liquidation and deletion.

(3) The expulsion of a member can only be enacted by a resolution of the board and only for good cause.

§4 Fees and contributions

(1) The General Meeting determines the scale of fees and contributions. The annual fees fall due in january of each year.

(2) For universities/colleges as for non-profit organizations, there is the possibility of a non-contributory membership.

§5 Bodies of the association

(1) Bodies of the association are the General Meeting and the managing committee/ board of directors.

§6 General assembly

(1) Anually at least one official General Meeting is arranged. A convening happens through the board of directors or at the request of one-third of the members of the General Meeting. Invitations must be sent out in written form, 14 days in advance of the meeting day, containing the agenda and a draft for a possible resolution.

(2) The chairman of a meeting is always the managing director of the board or, in his absence, one of his deputies.

(3) The General Meeting decides by a simple majority of the votes cast. For the amendment of theses statuses and for the dissolution of the association a three-fourth majority of the votes cast is required. Each member has one vote.

(4) The General Meeting shall every two years appoint one or two auditors. Re-election shall be permitted once.

(5) The General Meeting, besides, has to take the decisions about:

a) the annual budget

b) the economic result of the previous year

c) Discharging the members of the Executive Board from all liability with respect to their management

(6) The minutes of meeting about the resolutions of the General Meeting has to be signed by the chairmen of the meeting and by the minutes secretary.

§7 The board of directors

(1) The board consists of: the first chairman, his two deputies, the director and three additional board members at mini-

mum.

(2) According to § 26 BGB (§26 German civil law), the executive committee/Board is represented by the first chairman and the director.

(3) The members of the board are elected for a period of three years.

(4) The exectitive commitee/ Board constitutes a quorum if more than half of its members are present.

(5) The executive committee/Board is responsible for managing the assotiation as long as no representatives yet have been appointed.

(6) The exectutive commitee/Board represents the association in the shareholder meeting and in the Supervisory Board of the Kunststoffinstitut fuer die mittelstaendische Wirtschaft NRW GmbH Luedenscheid. This provision shall apply analogously for other investments of the association.

(7) The Board is, besides, also responsible for the following tasks:

a) Determination of the objectives of the Kunststoffinstitut

b) Decision about how the funds of the association are used for projects of the Kunststoffinstitut, investments and its promotion.

c) Sending of representatives to the bodies of companies, to which the association has a share.

d) Reduced fee regulation.

The aforementioned version of the statutes was decided on 28.02.2019 by the General Meeting of the association, in Luedenscheid and replaces the previous version of the statutes.
